

Helsington Community Led Plan

Summary

Community Led Plans are based on the views of local people and organisations in parishes. The whole community is given the opportunity to agree and plan how to achieve their goals and inform the Parish Council and local authorities. The objectives are to provide a long term collective vision for all the community's partners; ensure local engagement and a sense of ownership; make connections between community groups and parishes leading to joined up planning; provide measurable, attainable and relevant actions; to unlock additional funding opportunities. The Parish Council is thus given a basis on which to make its decisions and set its priorities for its work for the next four or five years.

In May 2012, the Parish Council indicated that there was support for proceeding with the production of a Community Led plan. A steering group was formed of local resident volunteers from across the community including members of the Parish Council.

The Parish Council will lead the overall management of the action plans. It will seek the support of various groups in the community to deliver aspects of the plan. The Parish Council will keep residents informed about the progress made on the plan's implementation and produce a summary statement of progress at its Annual General Meeting. The Action will be reviewed yearly at following AGMs.

The whole process has been greatly aided by the regular support of individuals from ACTion with Communities in Cumbria and South Lakeland District Council. The process was as follows:

- An initial survey was conducted asking all residents to identify what they valued about the area and what they would like to see improved.

- Based on the feedback a detailed questionnaire was generated. Everybody in the Parish had the opportunity to reply to the questionnaire, either written or on-line.
- based on the results of the questionnaire a prioritised list of actions was identified along with the associated timescales and key partners.

A copy of the Community Led Plan can be found on the website-www.helsingtonpc.org.uk but the Action Plan is listed in the following pages.

If you wish to participate in any of the Steering Groups working on the issues listed please contact the Parish Clerk- Jane Saunders- e-mail helsingtonpc@outlook.com.
